Professional Summary

Detail-oriented Computer Engineering student with hands-on experience in Data Science and full-stack web development. Proficient in Python, SQL, JavaScript, and modern technologies like, Tailwind CSS, and Supabase.

Education

Dhole Patil College of Engineering (SPPU)	2023 - 2027
<i>Bachelor of Engineering in Computer Engineering – pursuing</i>	<i>Pune, Maharashtra</i>
Dhole Patil College of Engineering (SPPU)	2025 – 2027
<i>Honors-Artificial Intelligence And Machine Learning – pursuing</i>	<i>Pune, Maharashtra</i>

Technical Skills

- **Programming Languages:** Python, JavaScript
- **Web Technologies:** HTML5, CSS3, JavaScript (ES6), Responsive Design
- **Data Science:** Python, NumPy, Pandas, SQL, Statistics Fundamentals, Data Visualization, Machine Learning
- **Tools:** VS Code, jupyter Notebook

Projects

Cineswift – Online Movie Ticket Booking System 2025

- Developed an online platform for theatre staff ticket booking.
- Implemented seat selection logic and booking workflow.
- Used HTML, CSS, and backend concepts.

Campus Connect – AI-Powered Learning Platform 2025

- Developed a full-stack web application for academic management and collaboration
- Used Supabase for real-time database, authentication, and data storage
- Integrated Gemini API for AI-based assistance and smart features
- Built responsive UI using Tailwind CSS for better user experience
- Designed role-based access (Teacher & Student functionalities)
- Implemented CRUD operations for subjects, quizzes, and assignments
- GitHub Repository: [campus-connect.in](https://github.com/campus-connect)

RAG-based AI system 2026

- Developed a **RAG-based AI system** integrating speech input, document retrieval, and LLM-based response generation
- Used **OpenAI Whisper** for audio/video transcription and implemented **semantic search with embeddings and cosine similarity**
- Integrated **Ollama** to generate context-aware responses locally without cloud dependency
- Designed the system to return **exact source locations (timestamp/page/segment)**, improving explainability and reducing hallucination
- GitHub Repository: [RAG-Based AI System](https://github.com/RAG-Based-AI-System)

Certifications & Achievements

Complete 2025 Python Bootcamp: Learn Python from Scratch – CodeWithHarry October 23, 2025
